

# UBQuant

Analyze.

Compare.

Evaluate.

*When it's time for your bank performance evaluation.*

Not just simplifying UBPR analysis, enhancing it.

- **FINANCIAL RATIO ANALYTICS**

Standard UBPR ratios and community defined Critical ratios with intuitive visualizations and comparisons.

- **CUSTOM RATIO ANALYTICS**

More power to you – define your custom ratios, the way you want to build your evaluation stories.

Evaluate your bank performance with any UBPR metric. With our intuitive visualizations, compare your custom peers or regulatory peer group averages or watchlist trends, augmented with individual bank data points. Our Critical Ratios offers leading key metrics to drive your performance insights beyond the standard UBPR ratios.

Build your own performance stories by modeling with your custom ratios. Define your formulas to turn the bank financial data into actionable insights with any metric, unmatched power, speed, and functionality; all with low cost and no maintenance. Visualize, compare, trend, and tabularize along with peers.
